Subject: Cell Tower Upper Summit

****CAUTION:This is an EXTERNAL email. Exercise caution. DO NOT open attachments or click links from unknown senders or unexpected email.****

I am a Summit Dr resident in Bonny Doon. I just want the BOS to know that myself and my wife support the RBDA's attached letter with attachment in the support of the proposed Cell Tower Proposal. I like many of my neighbors who lost there homes and everything in them, would be foolish to not support a tower with some improved communications capability, especially to the FirstNet (First Responders Network)... a major catastrophe of another wild fire or earthquake is just around the corner. Any improvements of communications in the mountain areas, where we live, will potentially save some lives.

Thanks for your consideration!

Best Regards,
Dave
