Hello,

Reject the cell tower proposed in Bonnie Doon with agenda item 10 on the 6/10/25 board meeting.

There is no reason to waive a height restriction; and there is land line coverage throughout the area so no exemption is acceptable.

And of course, while it is more difficult to use this as a reason to deny a tower, EMFs create significant environmental and public health impact (one resource is <https://mdsafetech.org/>).

Be well,
