Subject: Money for Immigrants and LGBTQ+

Are you guys nuts? You have people living on the streets, high crime in certain areas and drug use is running rampant and you want to put more money into Immigrant issues and LGBTQ+ issues. I believe you should first audit the money already going to these groups and determine how to better make use of the funds we have available today. I firmly believe in helping these groups with taxpayer money but not before we audit our existing funds.

Thanks
