Federal Funding Risks

Federal Funds Make Up Over One-Third of California's State Budget

Governor's Proposed 2025-26 Expenditures = \$492.9 Billion

Note: State funds reflect General Fund, special fund, and bond fund dollars.
Source: Department of Finance

Almost 80% of Federal Funds Spent Through the State Budget Support Health & Human Services

Federal Funds Estimated to Be Spent in 2025-26 Under the Governor's Proposed State Budget = \$170.6 Billion

Note: "Other" reflects a number of budget categories, including Environmental Protection, Natural Resources, and Government Operations. Figures do not sum to total due to rounding.

County Services Rely on Federal & State Funding

Federal and State Funds make up appx. 47% of all County Funds
Adopted 2024-25 Budget (in millions)

- Federal funds make up nearly a quarter of the county wide budget
- Some other Federal funds are comingled in State and Other revenues (grants, charges for services, etc.)

Almost 75% of Federal Funds Received Are Spent on Health & Human Services

*Budget amounts include certain State funding as a Federal pass through (Medi-Cal, Disaster reimbursements, etc.)

County Health & Human Services Federal Funding at Risk

- Health and Human Services budget includes at least **\$254 million in federal revenues** and **\$189 million in state revenues**, including pass-throughs, in Fiscal Year 2024–25.
- Loss of federal funding **jeopardizes essential services** and puts **low-income** and **vulnerable populations** at risk.
- Community impact estimates for Fiscal Year 2024–25:
 - 86,541 Medi-Cal health coverage enrollees
 - 43,488 CalFresh food assistance recipients
 - 4,336 CalWORKS cash aid recipients

Safety Net Programs at Risk

- **Medicaid (Medi-Cal in California):** Counties help finance and administer Medi-Cal, which serves approximately **one in three residents**.
- **Supplemental Nutrition Assistance Program (SNAP/CalFresh):** Approximately **15% of residents** rely on CalFresh benefits for access to nutritious food.
- **Temporary Assistance for Needy Families (TANF/CalWORKs):** Provides cash assistance, work activities, supportive services, and child care to help families achieve self-sufficiency.

Disaster Costs are Mounting and Federal Reimbursement Moves Slowly

\$91.3 million in unpaid federal disaster claims

(Jan 2025)

Federal Grants at Risk

- County staff is compiling data on active federal awards.
- Many grants operate on a reimbursement basis, so a funding freeze could cause **substantial budget impacts**.
- The County **cannot backfill** the loss of federal funds.
- Loss of federal funds could have **catastrophic effects** on health and human services, and infrastructure programs.

Budget Status and Outlook

Adopted 2024-25 General Fund

Deficit driven by federal risks, aging infrastructure, climate disasters & mandates

Federal funding loss from \$5mm to \$17.5mm

Infrastructure & facilities investments of \$11mm to \$16mm

Property tax growth from 4.6% to 5.2%

Sales tax growth from 2% to 4.4%

State pension will meet or exceed investment targets

General Fund Forecast: Projected Deficits through 2028-29

Out-years structurally out of balance

Revenue growth insufficient

Strengthened by
✓ 2022 Hotel/Vac Tax
(Measure B)
✓ 2024 Sales Tax (Measure K)

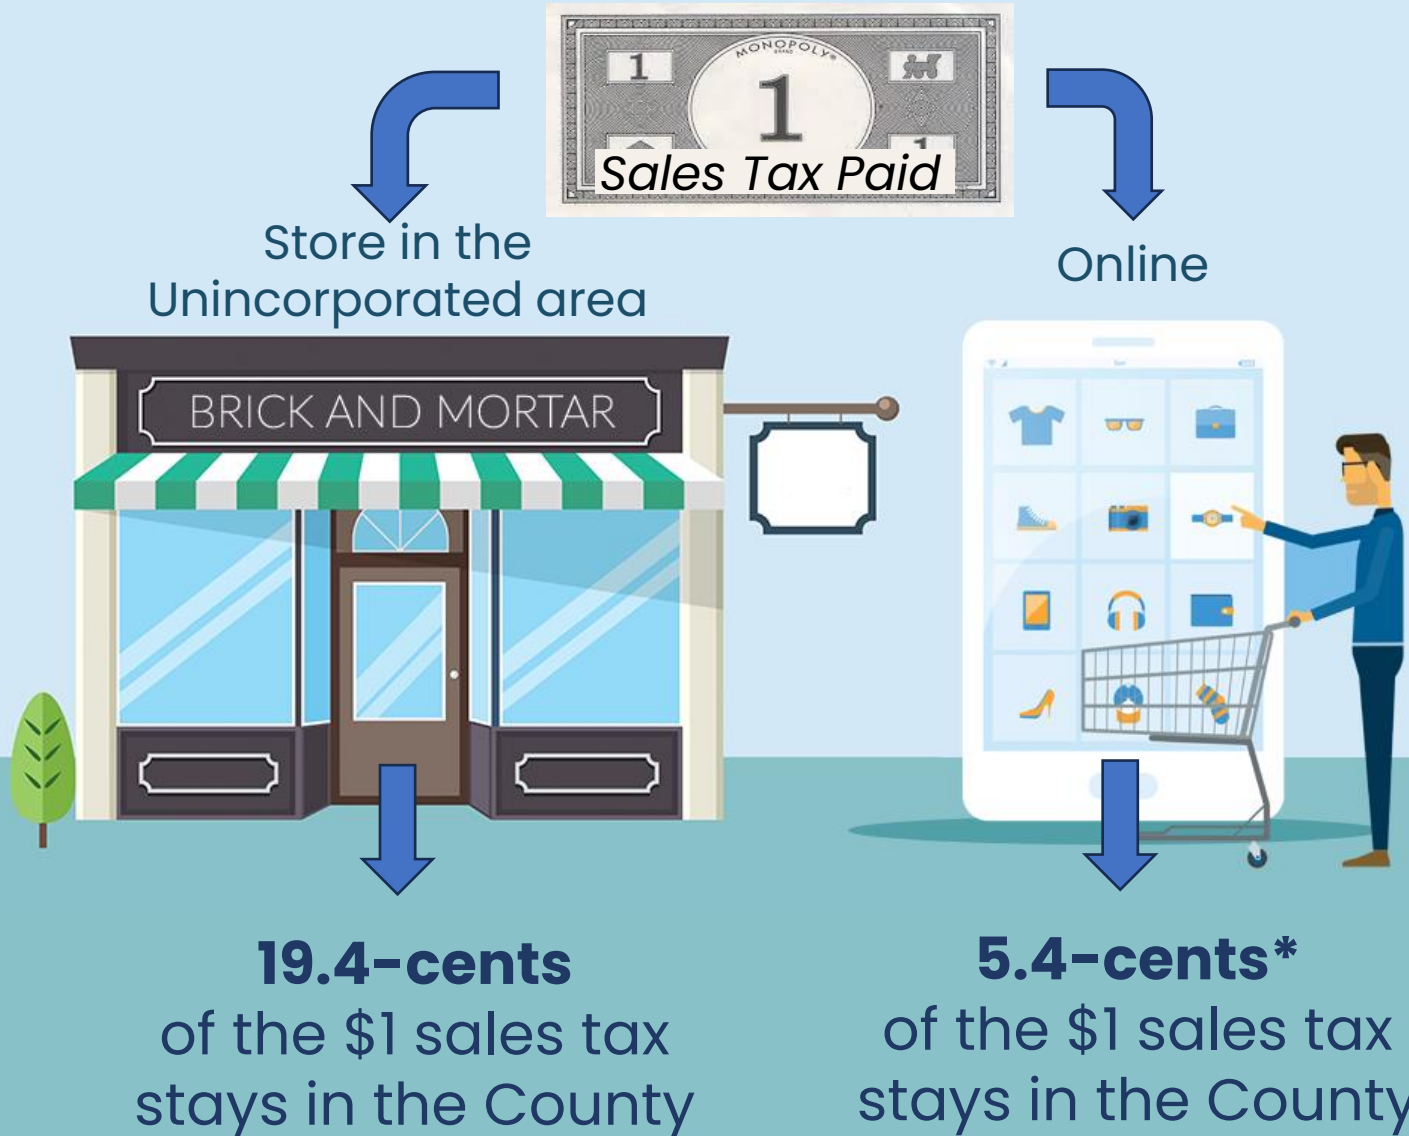

Santa Cruz County Property Tax Disparity

Worse when
base tax
allocation
among all
Counties

Sales Tax Allocation Lost

Example

The same \$11 purchase results in the same \$1 sales tax

But “where” determines how much stays local

\$5 million annually shifts to counties with the online fulfillment centers

General Fund Reserves at 12% but...

Reserves drop to 5.7% after adjusting for \$51.2 mm of health funding

Climate based disaster response risk greater than reserve capacity
