

## County of Santa Cruz Board of Supervisors

### Agenda Item Submittal

**From:** Agricultural Commissioner

**Subject:** 2025-26 Proposed Budget for the Agricultural Commissioner

**Meeting Date:** June 4, 2025

**Formal Title:** Approve the Proposed 2025-26 Budget for the Agricultural Commissioner, including any supplemental materials, and take related actions, as outlined in the referenced budget documents, and as recommended by the County Executive Officer

### Recommended Action

Approve the Proposed 2025-26 Budget for the Agricultural Commissioner, including any supplemental materials, as provided in the referenced budget documents:

- [Proposed Budget](#)
- [Continuing Agreements List](#)
- [Unified Fee Schedule](#)
- Presentation

### Executive Summary

The Proposed 2025-26 Budget for the Agricultural Commissioner supports three divisions: Agricultural Code Enforcement, Weights & Measures, and Mosquito & Vector Control, with funded staffing of 26.8 funded full-time equivalent (FTE) positions.

### Discussion

The mission of the Agricultural Commissioner is to serve the public's interest by ensuring equity in the marketplace, promoting and protecting agriculture, assuring environmental quality, and protecting the health, safety and welfare of Santa Cruz County's citizens. Department and division operational objectives are shown in the Proposed 2025-26 Budget document and 2025-27 Operational Plan. Both are available online at: [www.SCCVision.us](http://www.SCCVision.us)

The Agricultural Commissioner Proposed Budget includes negotiated salary and benefit increases. For Fiscal Year (FY) 2025-26, there are no major anticipated reductions in state or federal funding, and the budget reflects no significant operational or service changes.

Funded staffing of 26.8 FTE positions remains status quo for FY 2025-26.

Budgeted funding will continue to support ongoing staff work, including enforcing State regulatory requirements for commercial pesticide sales, possession, and use within the county and investigating non-compliances; working contractually with the California Department of Food and Agriculture on multiple programs to protect valuable crops and natural areas from economically damaging pests; ensuring equity in the marketplace through our Weights and Measures enforcement program; and protecting the health of Santa Cruz County's citizens through proactive mitigation of human disease vectors such as mosquitos, ticks and rodents.

Over the next fiscal year, the department will be focused primarily on mitigating the potential entry and spread of invasive mosquito species capable of transmitting human disease and agricultural/landscape/forestry pests of quarantine concern; maintaining

high levels of outreach to our fieldworker community and the public with respect to pesticide education and safety; and working toward testing and registering commercial weighing and measuring devices, including electric vehicle supply equipment (EVSE), while continuing our efforts at cost recovery for these services.

**Financial Impact**

The Agricultural Commissioner Proposed Budget includes \$6,758,398 in expenditures offset by \$5,206,532 in revenues, \$1,429,972 in General Fund contributions, and \$121,894 in Other Fund contributions. This reflects a total expenditure decrease of \$955,471 or 12% from the FY 2024-25 Adopted Budget.

**Strategic Initiatives**

Equity Framework - Communications & Education

Operational Plan - Comprehensive Health & Safety, Operational Excellence

Climate Action - Natural & Working Lands
