The Central Coast Alliance for Health (CCAH) makes investments through the Medi-Cal Capacity Grant Program to improve coordination across the health care system and address infrastructure and capacity gaps to ensure that Medi-Cal members are able to access high-quality care when, where and how they need it. The Healthcare Technology Program aims to improve Medi-Cal member access to high quality health care for the Medi-Cal population in the Alliance service areas. The awarded grant will enable implementation of an integrated EHR platform for the CCS MTP to improve care coordination and ensure program viability for medically fragile children. Leveraging the existing OCHIN EPIC platform, the project will create a sustainable, high-quality EHR platform that enhances operational efficiency and service continuity. A) No new county positions. B) None. C) N/A
