At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

## General Government

27. Adopt an "Ordinance Amending Section 4.65.060(A)(3) of the Santa Cruz County Code relating to the Safe Drinking Water, Clean Beaches, Wildfire Risk Reduction, and Wildlife Protection Act," (Approved in Concept May 20, 2025)

**Name:** Becky Steinbruner

**Comment - 06/08/2025 09:15 AM: ( Against )**

Dear Supervisors,

I recently completed the Measure Q survey and am HIGHLY concerned.

The questions asking to prioritize areas for projects completely left out ENORMOUS regions of the Santa Cruz Mountains - a majority of the mountain area, actually.

How can Measure Q claim to be servicing forest health and wildfire resilience and yet exclude a majority of the forested area from consideration?

Aptos has been included, but my rural Aptos Hills area is excluded. Fire knows no boundaries. Examples of areas completely left out of consideration include the Summit area (east of Hwy 17 and south of Summit Rd), all mountain areas south of the Summit area going down towards Santa Cruz/Soquel/Capitola, mountain areas north of Scotts Valley up to the county border, and the entire northwest region of the county (such as South Skyline and all areas north of Boulder Creek/Zayante).

People across the county who filled out the survey have realized the same issue and have the same concern, including the Firewise leaders of Santa Cruz county. I would highly encourage your team to communicate with the public regarding this topic, to reassess your regions, and most importantly to correct the issue.

Also, Question #3 in the Survey omits any option for "Wildfire" with "Forest Health", instead offering "Wildlife" protection only.

Please respond. Thank you.

Sincerely,

Becky Steinbruner
