POPES AGAINST COLLECTIVISM

For more than a century and a half before Pope Francis, Catholic popes

have condemned the evils of socialism and communism. Here are some examples of such condemnation.

1846-Pope Pius IX, Encyclical Qui Pluribus

"This is the aim too of the prevalent but wrong method of teaching, (Dick & Jane) series in America's specially one to behave ... don't think) " in the philosophical disciplines, a method which deceives and corrupts incautious youth in a wretched manner and gives it as drink the poison of the serpent in the goblet of Babylon. To this goal also tends the unspeakable doctrine of Communism, as it is called, a doctrine most opposed to the very natural law. For if this doctrine were accepted, the complete destruction of everyone's laws, government, property, and even of human society itself would follow."

1849-Pope Pius IX, Encyclical Nostis et Nobiscum

"You are aware indeed, that the goal of this most iniquitous plot is to drive people to overthrow the entire order of human affairs and to draw them over to the wicked theories of this Socialism and Communism, by confusing them with perverted teachings.... As regards this teaching and these theories, it is now generally known that the special goal of their proponents is to introduce to the people the pernicious fictions of Socialism and Communism by misapplying the terms 'liberty' and 'equality.' The final goal shared by these teachings, whether of Communism or Socialism, even if approached differently, is to excite by continuous disturbances workers and others, especially those of the lower class, whom they have deceived by their lies and deluded by the promise of a happier condition. They are preparing them for plundering, stealing, and usurping first the Church's and then everyone's property. After this they will profane all law, human and divine, to destroy divine worship and to subvert the entire ordering of civil societies."

1878-Pope Leo XIII, Encyclical Quod Apostolici Muneris

"We speak of that sect of men who, under various and almost barbarous names, are called socialists, communists, or nihilists, and who, spread over all the world, and bound together by the closest ties in a wicked confederacy, no longer seek the shelter of secret meetings, but, openly and boldly marching forth in the light of day, strive to bring to a head what they have long been planning - the overthrow of all civil society whatsoever."

1891-Pope Leo XIII, Encyclical Rerum Novarum

"To remedy these wrongs the socialists, working on the poor man's envy of the rich, are striving to do away with private property, and contend that individual possessions should become the common property of all, to be administered by the State or by municipal bodies.... Socialists, therefore, by endeavoring to transfer the possessions of individuals to the community at large, strike at the interests of every wage-earner, since they would deprive him of the liberty of disposing of his wages, and thereby of all hope and possibility of increasing his resources and of bettering his condition in life."

1931 - Pope Pius XI, Encyclical Quadragesimo Anno

"No one can be at the same time a sincere Catholic and a true Socialist."

1937 - Pope Pius XI, Encyclical Divini Redemptoris

"Since Communism is intrinsically evil, whoever wants to save Christianity and civilization from destruction must refrain from aiding it in the prosecution of any project whatever."

POPES AGAINST COLLECTIVISM

1949-Pope Pius XII, Decree Against Communism

"Communism is materialistic and anti-Christian; the communist leaders, although at times they argue in words that they are not against Religion, in fact both in doctrine and in actions they prove hostile to God, to true Religion and to the Church of Christ.... Christians who profess materialistic and anti-Christian communist doctrine, and above all those who defend and propagate it, incur ipso facto in the excommunication reserved to the Apostolic See, as apostates of the Catholic faith."

COPA: The Lucifer Connection

- Written for [News Expose](#)

Copa's Contribution to the One Percent Control of Santa Cruz by the Political Machine

Led by "psy op agent" Fred Keeley bag man and County Tax Collector, Keeley as chief of staff for Sam Farr (pro NAFTA) had the Congressman make a fool of himself by flying the **United Nations Flag**.

Sam Farr also signed the opening letter to **Santa Cruz UN Agenda 21 Final Draft** in a major step toward abolishing self government. The County Board of Supervisor has a contract with ICLEI, a front for the World Bank who's IRS mission statement says ... it exists to impose **Agenda 21**.

The Bill Gates owned **Sentinel** newspaper is silent about the tyrannical alteration of local government and it's looting by the international community.

APPROVED

Busy advancing this alien agenda, **John Leopold** supervisor destroyed the independent appeals board to make the Planning Department a personal political tool of the supervisors. **Leopold** has defended the nepotism of supervisor Ellen Pirie and appointment of staff members to the Planning

commission.

John Leopold is a rubber stamp for despotism.

ICLEI / UN takeover of Santa Cruz County

The corrupt, political machine candidate **Leopold** is prepared by the "psy op handler" **Fred Keeley**

Fred Keeley has been participating in the psy war games against the people by the billionaires. They have a political marriage and are part of the **Panettastan's "harem"**.

Keeley is co chair of **Voices of Reform**. This is a front for the Commonwealth Club. The **Commonwealth Club** leadership is interchangeable with the **Bohemian Club** (**Bilderberg West**). Known for the ritual "Cremation of Care". That is the annual symbolic sacrificing of children before a giant owl.

Rubber stamp supervisors like **John Leopold** carry that out with legislation and have a contract with ICLEI. While **COPA**, and covey of non profits fed by the **billionaires redirect people's attention from the coup d etat and culling taking place.**

The American Constitution over two hundred years old for the first time in history freed the people of feudal and despotic systems and the people thrived. Individuals making their own decisions created an expanding middle class that threatened the authority of elite rulers. (central banking, robber barons, royalty) .

To prevent this threat the rulers in Europe using the **League of Just Men** hired **Karl Marx**. Author **Taylor Caldwell** points out ... in Marx's books and pamphlets he did not attack the despots ... but pushed for a return to total power to exact tribute from the people in order that the government might better direct every phase of the people's lives, as Marx asserted it is, "for their own welfare".

The elite in turn would control the government.

"Clearly, if the elite were to rule again, the middle class had to be destroyed ... so despotism and the system of tribute could be returned, assuring the monopoly rule of all the world. The elite of all nations then, as now, were not divided. They were one international class, and worked together and protected each other."

It is the Constitution and it's adherence that the "conspirators " fear.

COPA ... the Annihilation of the Individual

COPA is about privilege, expanding government and people control.

The Communists and cashists goals are the same. Communism's ultimate aim is to annihilate the individual. The "cashists" who control communism, cryptically campaign to kill all counties, all culture, class, all choice and all chance for freedom.

"Supervising from the shadows" the **Money Monarchy**, "programs the populace" with a unimental mentality so that people are treated like livestock. Even their food, water and air is treated to control the people.

Working through the **Santa Cruz Foundation** and direct grants, groups like **COPA** have anesthetized enough of the populace to allow the systematic culling of the population.

People are starting to see their family and friends take on unlikely debilitating diseases.

COPA ignores the people's vote against the mind destroying sterilants of fluoride being added to their water. ... screwing up their friends and their families minds and physical health. **COPA** embraces the evil. Even church members of **COPA** don't tell the recipients that **Lucifer** is the hero of their **Industrial Areas Foundation** founder.

COPA's priorities allows the continued contamination of the air,

To name a few in this coven from the **Commonwealth Club** ... includes **Condoleezza Rice** via Commonwealth Club (CFR)(Chevron) , Bechtel (CIA shell), Lincoln Club) and **George Pratt Shultz**. "Pratt" is **Standard Oil**. The very headquarters of the **Council on Foreign Relations** is called the "**Pratt House**". Go figure.

UCSC Professor **William Domhoff** referred to the huge, unseen power of the **Council on Foreign Relations (CFR)** as part of his expose in his book "**Who Rules America Now**".

Keeley (quick change artist) in addition to the **VOICES** ... he hocks the (one percent's "*globaloney*") in another role. He is featured as a key leader in **California Forward**. This is an extension of a **Rockefeller** funded hydra called **Common Cause**.

California Forward is funded by billionaire tax exempt foundations giving greater rule to the (one percent) as the "culling of the population" accelerates. **Keeley's** elite is scavenging the wealth and property of small businesses and homes as people go into bankruptcy. mea culpa, mea culpa, mea máxima culpa / **COPA's** Grievous Fault.

Industrial Areas Foundation / Alinsky

Set up by Billionaire Investment Banker

One of the networks to control the people in Santa Cruz County is **COPA**. **Communities Organized for Relational Power in Action**.

Most of the members are earnest, well meaning volunteers. The good dedicated people are clueless that **COPA** is an extension of **Industrial Areas Foundation**. That was **Saul Alinsky's** project funded by billionaire investment banker **Marshall Field III**. Like the **Bohemian Club** it is "hard wired" to evil....**Saul Alinsky** dedicates his book **Rules for Radicals** to **Lucifer**.

Nazism, communism, collectivism are essentially the same. **Hitler's** (2/5/1941) declared "**Basically National socialism and Marxism are the same. The whole of national socialism is based upon it.**"

Alinsky Activity Dedicated to Lucifer

Groups like **COPA**, **California Forward** and **Common Cause** are not there to overthrow the "ruling despotic elite". They are a creation of the billionaires to prevent competition to the cartels. And to enslave the masses by **World Bank (ICLEI)** governance.

water, plants and people by **Operation Cloverleaf (Chemtrails)**.

Obviously **COPA / Santa Cruz Foundation** as the new plantation masters offer no compliant to the head of **MITRE {James Schlesinger (CFR)(CIA)}** who coordinates the deadly affair.

In the **Soviet Union**, dissidents are said to be **deranged, and nonconformity is a crime**. In the U.S. when individuals object to the abolition of their freedom and dignity and the right to remain unique, they are ridiculed as racists and radicals who rejected reason.

The culling operation that has begun in this area is no less grand than that of the case of **Cambodian French** educated **Marxist Pol Pot**. It is just scientifically designed to not cause a reaction.

One has to be very dedicated or *damn dumb to lead an army of the ignorant* including their own families to allow "psy op professionals" like a **Fred Keeley** and others in the community to lead people off the cliff.

Keeley as the people know ran the **Delphi / Tavistock** group meetings for **California Forward**, a billionaire elite group posing as being for

Government Reform. Actually destroying self government

As **President Abraham Lincoln** said: *"you can fool some of the people all of the time".*

Is that so with **COPA**?

Foundation money seems to have sealed a lot of lips. ... including *religious leaders ... responsible not just their members health, and welfare but their members freedom and their souls?*

I am asking and pleading for a moratorium of the battery storage facility development in our County. This technology has proven dangerous to its surrounding area and we must halt all development and find a safer place for these batteries that would not endanger people's health and the health of our land.
